CBD ISOLATE	1.66
CoQ10	0.95
Black Pepper Extract	0.48

Product Description, Uses and Applications: Adhesive Patches compounded and formulated to yield targeted ingredients and mg per patch. Manufactured to customers' requirements for geometry, printing, and quantity. The product is designed with direct skin contact approved components. The adhesive is designed to stick to bare skin. As with all direct skin products, individual testing is suggested to ensure no adverse skin reactions. The ingredient additives to the adhesive are added per customer requirements and D&D makes no statement regarding ingredients for skin irritation. Not all ingredients have assigned numbers from the Chemical Abstract Service – CAS#. D&D CERTIFIES THAT THE MATERIAL SUPPLIED FOR THIS PRODUCT WILL BE MANUFACTURED IN ACCORDANCE WITH SPECIFICATIONS AND MEETS OUR STANDARDS FOR PERFORMANCE AND QUALITY. Loss on drying (LOD) analysis performed by in-house lab confirms passing test results of less than 5%.
